Other newspapers, like ours, will keep you current on national and world affairs.

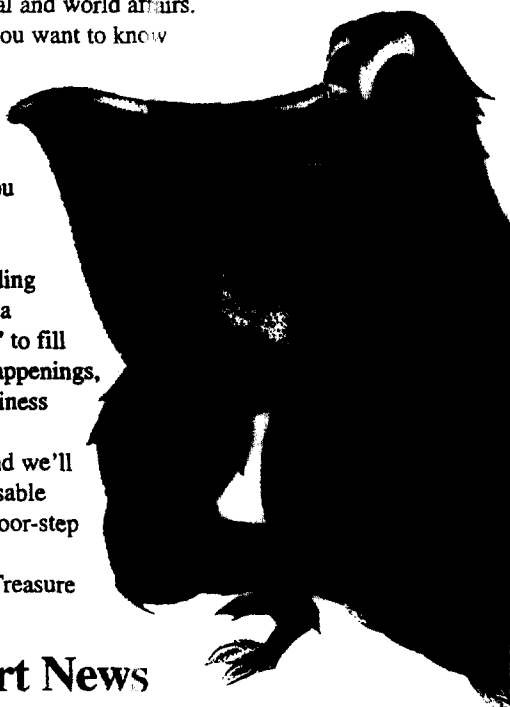

But suppose you want to know what's playing at the movies? Who's having a sale? Which restaurants have Early Bird specials? Unless you read *The Stuart News*, you're in the dark.

And if you're depending on two skimpy pages in a "Martin County Edition" to fill you in on all the local happenings, including sports and business news, lots of luck.

Just call 221-4160 and we'll see that all this indispensable information is on your door-step every morning.

and soccer fields, is used year-round and just about around the clock! A concession stand and restrooms make spending a day at the park comfortable and enjoyable. J.V. Reed Park is bounded on the east by Hercules Avenue and on the west by S.E. Federal Highway.

Jonathan Dickinson State Park, at over 11,000 acres, is the second largest State Park in Florida. This vast expanded wilderness is made up of many differing habitats — low pine flatwoods, sand pine scrub, mangrove forests, cypress swamps and more. The dark waters of the Loxahatchee River, Florida's only representative in the National Wild and Scenic Rivers System, wind their beautiful way for eight miles through the park. Many of the park's recreational opportunities, including canoeing, powerboating and fishing, are centered around the river. The Loxahatchee Queen tourboat makes a stop at the restored homesite of Trapper Nelson, the celebrated "Wildman of the Loxahatchee," for a ranger-guided tour. Also found in the park are family campgrounds, rental cabins, a large picnic area with grills, tables and pavilions, nature trails, an observation tower, and many miles of hiking trails. The trails include a 9+ mile segment of the Florida Trail, complete with two backpack camping areas. Jonathan Dickinson State Park is a short drive south of Bridge Road, at 16450 S.E. Federal Highway, Hobe Sound. For more information, call (407) 546-2771.

Peck Lake Park is located off Gomez Avenue, north of Crossrip Street. Some of its 78 acres front the Intracoastal Waterway. One of Hobe Sound's newest parks, facilities include covered picnic tables, barbecue grills, and a nature walk to a comfortable pavilion.

Seabranck Park, located near the VFW post on S.E. Dixie Highway, is a 917 acre parcel of pristine state preserve open to the public for passive nature hiking and photography. Over two miles of interconnecting trails wind through freshwater and mangrove swamps, mesic and scrubby flatwoods and sand pine trees. Seabranck Park boasts one of the few remaining baygall plant communities in the state. For more information, call 744-7603.

Very close to J.V. Reed Park, within Zeus Crescent, is Zeus Park, a neighborhood park which forms the hub of the community laid out by developers in the 1920's. Today its five acres provide a tranquil spot where families bring small children to use the playground equipment. Zeus Park is located in the heart of Hobe Sound across from the Hobe Sound Community Presbyterian Church.

Eastridge and other developments provide their residents parks and recreational facilities within their boundaries, making fun in the sun available just about anywhere in Hobe Sound. ■

RECREATION

Swimmers, fishermen, boaters, shell collectors, walkers and surfers enjoy our beaches and parks.

A license is required for fresh and salt water fishing. License prices vary for residents and non-residents; information is available from the Tax Collector's office where information on current regulations and prices also can be obtained. Call 546-1305. Local waters — both fresh and salt

(Continued on page 42)

— have some of the best fishing found anywhere. Popular catches include mutton, mangrove and vermilion snappers. Dolphin are numerous and tasty. Kingfish, yellowtail, cobia, wahoo, snook and the ever-popular sailfish provide a variety that appeals to dedicated fishermen. Fresh water enthusiasts frequently travel west to Lake Okeechobee, where bass are plentiful. Also in the big lake, which is about 30 miles from Hobe Sound, are bluegills, specs, crappies and channel catfish.

Water also attracts snorkelers, scuba divers, surfers, wind surfers and people in search of those delectable crustaceans, lobster. Lobstering, whether during the two-day mini season or the full season, August

6 through March 31, requires a saltwater fishing license and a crawfish stamp, unless the diving is being done from a commercial vessel. Other rules of the hunt involve safety measures for the diver, size

of the lobster and how lobsters can be taken. A lot of preparation and planning must precede a lobster dive, but the lucky diver who is rewarded with a "bug" quickly forgets the effort.

Boating on the Indian River is a pleasant way to spend the day.

Plans are underway to construct a boat ramp on 31 acres of county-owned land on Gomez Avenue between Indian River Drive and Windjammer Way. Inlets in Jupiter and Stuart provide access to the ocean.

(Continued on page 43)

Surf fishing is one of many activities enjoyed along the beaches of Hobe Sound.

Hunting is another popular sport. Licenses are available at the Tax Collector's office in the Market Place.

Team sports are available for participants of all ages. Organized sports include soccer, baseball and football. Tennis players have a choice of tennis courts at the southern end of J.V. Reed Park on Hercules Avenue. Racquetball courts are part of the J.V. Reed Park complex and are enjoyed by enthusiasts of all ages.

Bicycling, jogging, running and walking are popular on Hobe Sound's lightly traveled streets. Cars on Bridge Road, where the branches of the giant ficus trees provide a protective canopy from the sun and heat, share road space with bicyclists. Walkers, joggers, and runners wisely choose the sidewalks that parallel the road. ■

Payson Galleries at 11870 S.E. Dixie Highway (546-2999) and the Hobe Sound Art League Gallery in the Market Place (546-2946). The galleries have several shows each season, often spotlighting local artists.

The Barn Theatre recently celebrated its 25th

year doing what it does best from September to June every year — showcasing local talent in well-presented and critically acclaimed productions. The Theatre presents five shows each season at its 2400 E. Ocean Blvd., Stuart location.

Our four-legged, feathered and scaly friends have places to go for medical care, too. The Treasure Coast Wildlife Hospital, 2800 S.E. Bridge Road, has nursed many sick and injured wild animals back to health so they can be released into the wild. Personnel from the hospital share their concern about and knowledge of local wildlife with schools and other organizations in an attempt to familiarize the community with the other creatures who call this area home. The hospital is open to visitors daily. For more information, call 546-8281.

In addition to the wildlife hospital, local veterinarians administer care and treatment to household pets. ■

GETTING THERE ... FROM HERE

Access to Interstate 95 is a close seven miles from downtown Hobe Sound. Florida's Turnpike, which is a limited access toll road, has entrances in Stuart and Jupiter.

Palm Beach International Airport, located between Southern Blvd. and Belvedere Road, West Palm Beach, is a 45-minute drive from Hobe Sound. The airport at Stuart-Witham Field is capable of handling charter flights and private planes.

Cruise ships en route to the Bahamas and the eastern and western Caribbean sail out of the Port of Palm Beach in Riviera Beach and from Ft. Lauderdale and Miami.

Taxi and limousine companies have vehicles available for airport runs or nights out on the town.

An Amtrak station is conveniently located just east of I-95 at 201 S. Tamarind Avenue, West Palm Beach. For information, call (800) 872-7245. The station also serves as the northernmost point of the Tri-Rail high speed commuter train system. ■
